Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 27 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry for most, with rain in the south later.

Today:
A bright start in western areas but remaining cloudy elsewhere with some occasional sunny spells. Dry for most, though southern areas will see outbreaks of rain later in the day. Maximum temperature 21 deg C (70 deg F).

Tonight:
Rain will continue to feed into south Wales during the evening with drier conditions further north. Overnight, rain will turn heavy at times as it moves northwards across the country. Minimum temperature 13 deg C (55 deg F).

Monday:
A dull start with lingering rain during the morning. Turning drier in the afternoon though rather cloudy with scattered showers in the south later. Maximum temperature 23 deg C (73 deg F).

Outlook for Tuesday to Thursday:
Staying cloudy on Tuesday and Wednesday, with further outbreaks expected, though less frequent and intense. Drier and brighter on Thursday and feeling warm in the sunshine.
